Natural Bridge State Resort Park

2018 Seasonal Naturalist Position Opportunities
(mid May to early September)

Natural Bridge State Resort Park is currently looking to fill two seasonal naturalist positions for the upcoming spring/summer season. It is possible (but not required) for these positions to be filled as an internship if a student is enrolled on a full time basis at an accredited Kentucky post-secondary school or other educational institution. We are accepting resumes and will be conducting interviews soon. The seasonal naturalist positions require candidates with friendly personalities, good public communication skills, and a passion to grow deeper in their knowledge of the natural environment.

Job Responsibilities

PROGRAMMING
- Presenting nature programs for park guests (this is the main responsibility)
- Monitoring the hiking trails, assisting park guests
- Collecting money for Saturday night square dance admissions

NATURE AND RECREATION FACILITIES
- Taking care of program animals (feeding, cleaning cages, mostly reptiles and amphibians)
- Helping the trail crew with trail maintenance as needed
- Maintaining the bird feeder areas at the park
- Cleaning the nature center – sweeping floor, cleaning displays as needed

NATURAL RESOURCES
- Pulling or cutting invasive plant species on the park
- Picking up trash on the trails and around the park

MISCELLANEOUS
- Monitoring the trails for public safety
- Monitoring the natural bridge area (especially during peak visitation)
- Miscellaneous duties as assigned

Work Hours and Schedule
Candidates should be able to work a flexible schedule including weekend, weekday, day, and evening shifts. Schedules are based on peak visitation times. Typically, seasonal naturalists work 37.5 hours per week, but hours are based on business/budget needs and could be less. A typical work day is an 8.0 hour shift with a 30 minute non-paid lunch.

Contact Park Naturalist, Brian Gasdor, at (606) 663-3575 or brian.gasdorf@ky.gov for more information or to send a resume.
